

Name field from Add Organization Unit page can be filled with an invalid name.

Attach Create subtask Link issue Embed+ ...

Description

Name field from Add Organization Unit page can be filled with an invalid name.

Precondition: Credentials for Admin-User account exist.

Steps to Reproduce:

1. Login into Orange HRM application
2. Go to the Admin Module available on the left side of the screen.
3. Go to the Organization section at the top of the screen.
4. Go to the Structure.
5. Click Edit button
6. Click Add Button.
7. Complete Name field with special characters. Type "@#\$???"
8. Click Save Button

Expected Result:

Name field from Add Organization Unit page should not be filled with an invalid name.

Actual Result:

Name field from Add Organization Unit page can be filled with an invalid name.

Configure

The drop-down menu displays a single result when the user clicks a letter on the keyboard

Attach Create subtask Link issue Embed+ ...

Description
When the user clicks on a letter on the keyboard only one country appears instead of a list of countries starting with that letter.

Precondition: Credentials for Admin-User account exist.

Steps to Reproduce:

1. Login into Orange HRM application
2. Go to the Admin Module available on the left side of the screen.
3. Go to the Organization section at the top of the screen.
4. Go to the Locations
5. Click Add button
6. Click the dropdown from Country field.
7. Press the letter N on the keyboard.

Expected Result:

- [Drop down] When the user clicks on a letter on the keyboard, a list of countries starting with that letter is displayed.
Actual Result:
- The drop-down menu displays a single result when the user clicks a letter on the keyboard

Configure

The user can enter decimal numbers in the Zip/Postal Code field.

Attach Create subtask Link issue Embed+

Description
According to the requirements, the user should not be able to enter decimal numbers in the Zip/Postal Code field.
Precondition: Credentials for Admin-User account exist.

Steps to Reproduce:

1. Login into Orange HRM application
2. Go to the Admin Module available on the left side of the screen.
3. Go to the Organization section at the top of the screen.
4. Go to the General Information.
5. Click Edit Button.
6. Enter decimal numbers in the Zip/Postal Code field. Type "43.000,56".
7. Click Save.

Expected Result:

- The user should not be able to enter decimal numbers in the Zip/Postal Code field.

Actual Result:

- The user can enter decimal numbers in the Zip/Postal Code field.
